Worth
PARK DISTRICT

January 25, 2021

Dear Worth Park District Residents and Families:

This Saturday, in a quick but not unexpected fashion, it was announced that our Region (#10) could move forward in the Phase 4 Mitigations of the *Restore Illinois Plan,* from Tier 2 to Tier 1. This, of course, is positive news, as it appears our Region and the state is moving in the right direction, however, we do recognize that there is still a way to go before a full recovery is seen.

This move does allow the Park District to resume activities at its greatest level since the mitigations were instituted in November. This means that indoor activities of recreation programs, senior activities, exercise programs, rentals, etc. can occur but with limitations. Contacts have been made with those individuals and groups that were participating in November, and most if not, all will resume their activities this week or next. If there are any questions regarding activities and programs that can occur during this time, please contact the Park District staff at (708) 448-7080. It can also be noted that for any indoor program through the Park District and at the Terrace Centre, a face covering will be required to be worn.

The Park District will continue to monitor the status of COVID-19 and follow the advice and guidance of the Centers for Disease Control (CDC), the Illinois Department of Commerce and Economic Opportunity (DCEO), the Illinois Department of Public Health (IDPH) and the Park District Risk Management Agency (PDRMA). Our focus will remain in doing the right and safe thing for all Park District residents and families.

We remind all residents and families to continue to wash your hands regularly, wear a face covering and maintain social distancing whenever possible. In staying the course through this pandemic, we will look forward to making more announcements towards a full recovery.

Please continue to view our website and Facebook page for future updates on programs, events, and schedules.

On behalf of the Board of Park Commissioners and Staff, your cooperation and understanding during this time is greatly appreciated.

Robert M. O'Shaughnessy, CPRP
Director of Parks and Recreation
