The Living Memorial Tree Program is a result of many families and friends wishing to remember that special person or event through the perpetual growth of a tree.

Modeled after successful programs from across the country, the Worth Park District program can fit most any need whether it is to celebrate the birth of a child, recognize the accomplishments of an individual, group or organization, establish a tradition, commemorate a wedding or memorialize a loved one.

These trees help to beautify your community's parks while standing as a strong and tender reminder of your loved ones. Your Living Memorial will be planted and cared for in any neighborhood or community park listed. Worth Park District will consult with you to determine the best location in the park of your choice, depending on the variety of tree you choose.

For more information on the Living Memorial Tree Program, please contact the Park District at (708) 448-7080.

The Worth Park District is a member of the South West Special Recreation Association (SWSRA) with the Alsip, Blue Island, Hickory Hills, Midlothian and Posen Park Districts; Village of Merrionette Park and the Palos Heights Recreation Department.

SWSRA programs are designed to increase independence and enhance the quality of life for individuals with disabilities. This would include individuals who have varying degrees of physical or mental disabilities, learning disabilities, behavior disorders, attention deficit disorders, hearing or visual impairments.

A wide variety of programs are available from early childhood through adult. The programs are designed to meet the individual recreation needs of any person who is in special education classes, participates in a sheltered workshop, is referred to SWSRA from a local hospital or rehabilitation center, or whose special needs restrict or prohibit their participation in a traditional park and recreation setting.

Special Inclusion: Some individuals with disabilities prefer to have recreation opportunities in traditional recreation programs with people who do not have disabilities. To meet this need, SWSRA provides training, support staff and assistance to member agencies so inclusive recreation can be enjoyed by all!
